PUBLIC STATEMENT OF ALYSSA JENSEN

EIS000587

DEC 02 1999

1

. MS. JENSEN: [I'd like to say that I'm probably the most concerned about the transportation, and the very enormous vehicles that will be transporting all of the nuclear waste to Yucca Mountain.

And that a lot of people are against the site and Yucca Mountain, and that there is a lot of people that live around here and could be -- have the radiation and that.] So thank you.
